

€6.2 MILLION BELMULLET SCHOOL REFURBISHMENT OPENS

The students and staff of St. Brendan's Vocational School are returning to a €6.2 million refurbished centre of education this September.

The refurbishment of the premises is long overdue and I'm delighted for the management, staff and pupils of the college that the work has now completed.

I am pleased that my representations

on behalf of the Board of Management and staff was favourably received by the Minister and I congratulate all involved; the Board, staff, parents and pupils for their contribution to securing this development and wish everyone well in their new surroundings.

Meanwhile I am continuing to work towards securing development of Our Lady's Secondary School. I have made

numerous requests to the Department and will continue to lobby Minister Batt O'Keefe until such time as Our Lady's refurbishment is sanctioned.

I organised a meeting between Minister O'Keefe and school principal Pdraig Staunton and a member of the board of management in April and those discussions were helpful in the ongoing pursuit of the project.

BARNATRA NS

Essential mechanical work and window replacement took place at Barnatra NS during the summer months. I was delighted that I could have been of assistance in securing Barnatra's inclusion in the Summer Works Scheme and that essential repair work took place at the school.

SN NA SRAITHE

I was delighted to secure SN na Sraithe's inclusion in the Summer Works Scheme. As a result of our efforts a new heating unit was installed in the school.

DOOHOMA NS

Toilets have been constructed at Doohoma NS under the 2009 Summer Works Scheme.

GLENCASTLE NS

Glencastle NS was successful in securing funding under the Access for All category.
